# The Foot & Ankle Clinic

## The Foot & Ankle Clinic

SOS Centres Weybridge has developed a specialist clinic dedicated to the care, advice and treatment of Foot & Ankle Conditions. The Foot & Ankle Clinic provides a full array of clinical services under one roof.

Whether an individual is suffering from Foot & Ankle Pain, Poor Biomechanics, Weakness or Immobility &ndash; these can all be assessed and treated by the specialist Foot & Clinic at Sports Orthopaedics Spinal.

### Procedures performed:

- Bunion Surgery
- Joint Fusion for Arthritis
- 'Scarf' Osteotomy for Bunion Deformity
- Joint Replacment for Big Toe Arthritis
- Arthroscopic (Keyhole) Surgery for Ankle Injuries
- Rapid-Rehab Ankle Ligament Repair (Brostrom Repair)
- Arthroscopic Ankle Fusion for Arthritis
- Ankle Replacement for Arthritis
- Multidisciplinary treatment of Achilles problems
- Flat Foot Reconstruction
- Complex Foot Deformity Correction

Clinical Services:

- Assessment, Diagnosis and Treatment led by Consultant Orthopaedic Surgeon &ndash; Mr Callum Clark.

- Treatment, Rehabilitation and Exercise Advice by Specialist Foot & Ankle Physiotherapists and Podiatrists.
- Immediate access to onsite diagnostic imaging facilities &ndash; MRI, CT, Digital X-ray, Ultrasound and Nuclear Medicine.
- A choice of local hospitals for any required surgical intervention.
- Unrivalled Rehabilitation and Exercise Facilities in our 2nd Floor Gymnasium.
- Access to a multidisciplinary team with the following specialities: Medical and Surgical Consultants, Podiatry, Osteopathy, Sports Massage, Personal Training, Pilates & Yoga.

#### Clinician Profile:

Mr Callum Clark is an Orthopaedic Surgeon specialising in Foot & Ankle and Lower Limb problems. He is an expert in invasive Foot & Ankle Surgery such as Brostrom Ligament Reconstructions, 'Scarf' Osteotomies, Osteochondral Repairs and Foot & Ankle Fracture Management. His expertise also extends to the diagnosis and management of soft tissue conditions such as Achilles Tendinitis, Plantar Fasciitis, Compartment Syndromes and Shin Splits.
